### Purpose

The policy ensures that critical incidents or potential critical incidents that could affect an international student's ability to undertake or complete the course in which they are enrolled.

This complies with Standard 6 of the National Code of Practice for Providers of Education and Training to Overseas Students 2018.

### Definitions

**Critical incident** means a traumatic event or the threat of such (within or outside Australia) which causes extreme stress, fear or injury. Critical incidents that may cause physical or psychological harm could include, but are not limited to, events such as:

- Missing students
- Severe verbal or psychological aggression
- Death, serious injury or any threat of these
- Natural disaster; and
- Issues such as domestic violence, sexual assault, drug or alcohol abuse.

**A Critical Incident Team** means a group of persons specified by ISMT to plan an immediate response, allocate responsibilities and determine ongoing strategies. This role has been allocated to:

- ISMT Admin Staff

**Designated person** means any ISMT staff member who either witnesses or is informed about an actual or potential incident. The designated person should immediately inform the most senior member of staff available of the incident. In the meantime, however, the designated person may need to assume temporary control of a critical incident site.

**DET** means Department of Education and Training

**Emergency Services** include:

### Policy

- 1.1 ISMT is committed to protecting staff and students in the event of a critical incident and will take appropriate actions to maximise the safety of all staff and students and any other persons involved in the critical incident.
- a) ISMT ensures that as far as possible risk reduction measures are in place to reduce the likelihood of a critical incident. This is specified in ISMT Health and Safety Policy and Procedure.
1. A designated officer and/or critical incident team will manage critical incidents.
- ♦ All staff will receive an induction into their role which will include information about health and safety, as well as critical incidents. Training and updates to information will be provided to staff on a regular basis.
2. Students will receive information about health and safety, including critical incidents, in the **Student Handbook**, as well during their orientation. This will include information on safety and awareness relevant to life in Australia and how to see assistance for and report an incident that significantly impacts on their well-being, including critical incidents. Updates to information will be provided to students as required.
- b) ISMT will ensure that appropriate post-incident support is provided as required.
- c) ISMT response to critical incidents will always be evaluated and improvements identified and implemented as required.
